Dear Friends,

New Hope for Kids' children, their families, and Board members thank you for your donation of \$300.00. Support from individuals in the community is vital to New Hope for Kids, especially because we receive no funding from the government or United Way. Your donation is very important to us and we appreciate your thoughtfulness.

Every year, thousands of Central Florida children experience the death of a parent or family member. Their loved one may have died in an accident, because of terminal illness or by an act of violence. Children affected by losses such as these come to us for help at one of the most vulnerable and difficult times in their lives. New Hope for Kids provides grief support for these children and their families as they deal with the death of their loved one. Your donation helps support our Center for Grieving Children, which is the only program of its kind in the Central Florida area.

Our Wishes for Kids program improves the quality of life for children with life-threatening illnesses. Illness restricts these children in many ways. Isolation and educational stagnation result from long-term home care; physical disabilities limit the child's mobility and access to normal learning and social opportunities. Your generosity enables New Hope for Kids to provide one very important wish, giving these children hope for the future and strength to go on striving.

Your support to New Hope for Kids helps the children in our grief and wish programs deal with the challenges they face. You help our children and families put their lives back together. You also strengthen our Central Florida community by helping heal the emotional trauma that results from illness and loss.

Thank you for your generosity and for giving children hope!

Sincerely,

Dave Joswick
